10. Contingencies and commitments

Contingencies

There is no significant change in contingencies from the preceding annual published financial statements of the Company for the year ended 31 December 2014 except for the following:

(i) A demand of Rs 1,059.595 million (including default surcharge of Rs 325.849 million) was raised against the Company under section 161/205 of the Income Tax Ordinance, 2001 for the period relevant to Tax Year 2012 alleging non-compliance with various applicable withholding provisions contained in the Ordinance. The management assailed the subject order in usual appellate course and while first appellate authority decided certain issues in Company's favor,

major issues were remanded back to department for adjudication afresh. Such appellate order was further assailed by the Company before Appellate Tribunal Inland Revenue ('ATIR'), at which forum, adjudication is pending. Meanwhile, department has concluded the reassessment proceedings, primarily repeating the treatment earlier accorded, however, given to relief allowed by first appellate authority, demand now stands reduced to Rs 1,003.426 million (including default surcharge of Rs 384.329 million). Such reassessment order has also been assailed by the Company in second round of litigation which is pending before first appellate authority. In this financial information, only an amount of Rs 103.673 million has been recognized as liability on this account as Company's management considers that Company's position is well founded and on meritorious grounds and thus eventually demand would not sustain appellate review.

11. Contingencies and commitments

Contingencies

There is no significant change in contingencies from the preceding annual published financial statements of the Group for the year ended 31 December 2014 except for the following:

(i) A demand of Rs 1,059.595 million (including default surcharge of Rs 325.849 million) was raised against the Group under section 161/205 of the Income Tax Ordinance, 2001 for the period relevant to Tax Year 2012 alleging non-compliance with various applicable withholding provisions contained in the Ordinance. The management assailed the subject order in usual appellate course and while first appellate authority decided certain issues in Group's favor, major issues were remanded back to department for adjudication afresh. Such appellate order was further assailed by the Group before Appellate Tribunal Inland Revenue ('ATIR'), at which forum, adjudication is pending. Meanwhile, department has concluded the reassessment proceedings, primarily repeating the treatment earlier accorded, however, given to relief allowed by first appellate authority, demand now stands reduced to Rs 1,003.426 million (including default surcharge of Rs 384.329 million). Such reassessment order has also been assailed by the Group in second round of litigation which is pending before first appellate authority. In this financial information, only an amount of Rs 103.673 million has been recognized as liability on this account as Group's management considers that Group's position is well founded and on meritorious grounds and thus eventually demand would not sustain appellate review.
